HOW TO WINTERIZE YOUR JANDY ENERGY FILTER

1

STEP 1

Turn off all power in the breaker box located at the pool equipment.

2

STEP 2

Unscrew the clear bowl looking piece counterclockwise and remove the standing water.

STEP 1

Turn off all power in the breaker box located at the pool equipment.

STEP 2

This is an item that is sometimes on a water feature pool equipment system.

This will break in the event of a freeze unless you unscrew the clear bowl looking piece counterclockwise and remove the standing water that typically would be in there when the water is not moving.
